

NEBULA SOCIAL IMPACT

Building the Future of Those Who Build Our Future Homes

Aerial view of the *Aavaas Changodar* Workers' Colony

In sync with its impact goals Nebula aims to improve the lives of its construction workers with the philosophy of 'Building the future of those who build our future homes. Nebula has initiated a CSR project with the aim to improve the lives of its construction workers and their family members. The project entails providing migrant workers with a community living space that embodies the same vision as their housing projects do. Their aim is to create self-sustaining communities by providing not just affordable housing to their workers but a sustainable and healthy lifestyle. Aavaas Changodar is the first site for the CSR project implementation.

CSR Focus Areas

Early childcare and education

Children's nutrition

Dignified living for construction workers

Healthcare & awareness

Curbing open defecation

Waste management

Highlights of the quarter

Inauguration of the construction workers' housing colony, Aavaas Changodar

The construction workers' housing colony was formally inaugurated on **2nd June, 2018** and a ribbon-cutting ceremony was held with the families of the Directors as the Chief Guests. The Nebula staff were also present for the event.

Exposure visit

The children from the Nebula crèche & learning center were taken for an exposure visit to AUDA Garden near Iskcon for fun activities by Saath on **23rd May**.

Celebration of World Environment Day

On **5th June**, the children at the learning center had an activity session where they were taught about the environment and pollution. The children also planted saplings around the center.

Volunteering

Volunteers Vedanti Poddar and Shantanu Chawchharia from Symbiosis School of Liberal Arts conducted various drawing and activity sessions with the children at the center for a week from **15th to 19th June**.

International Day of Yoga

The teachers at the learning center taught children about the benefits of Yoga on the occasion of International Day of Yoga on **21st June**. The children participated in the Yoga session with much enthusiasm

Childcare as well as antenatal services at the clinic at Aavaas site.

Referral support services for the workers

Mobilizer Geetaben conducting an awareness session with the women construction workers

Partner Aajeevika Bureau conducted a health profiling for **200 construction workers** which included general health checkup along with blood test, BMI, B.P. and eye checkup and provided treatment and referral support. Apart from that, regular weekly clinic is organized every Thursday on site.

Waste Management

Waste is segregated on site into dry waste and wet waste. The dry waste is collected by NEPRA and the wet waste is converted into compost using an automatic composter on site.
